

A COUNTY ELECTION ON JUNE 20

NOW GETTING READY FOR IT

PROCLAMATION BEING PREPARED FOR A COUNTY ELECTION IN JUNE, TO BE READY FOR ISSUANCE IF THE GOVERNOR SIGNS THE COUNTY BILL—OFFICERS TO BE ELECTED ON ISLAND OF OAHU.

Chief Clerk Buckland of the Secretary's office is already at work upon an election proclamation, for the calling of a county election to be held June 20 next. The county bill was ready for the governor this morning, after a night of typewriting. It provides that the proclamation calling the election shall be issued immediately when the act takes effect. If the governor keeps the bill ten days before acting upon it, he will have it until the 19th, which would only just allow time for issuing the proclamation sixty days before the day of election. The law provides that proclamations for regular election shall be issued sixty days before the voting day, and for special elections forty days.

The officers to be elected on this island, and the salaries they are to receive, under the terms of the bill as finally passed, are as follows:

Per Year.	Supervisors, 7.	\$ 600
	Sheriff and Coroner.	2100

The transport Sherman, which arrived today from Manila, reports the fleet having been sighted off Luzon on March 13. Vessels arriving at Manila about that time reported having seen the Japanese fleet about 70 miles off the shore. The Sherman did not sight the Japanese war fleet however.

"The thirty odd inmates of the premises are to all intents and purposes plying their trade in the public street; and, until this committee began its investigations they were doing so in the constant presence and with the full approval of a regularly salaried police officer. * * * As now conducted, the business is not only open and shameless, but is conducted in such a wholesale and organized manner as to make it not only a public scandal, but such a public disgrace as would be inconceivable were it not in existence."—Appendix to minority report.

WHO PAID SMITH?

Inquiry at the auditor's office this morning for information as to the services which were performed by Captain Paul Smith for the pay he is said to have received from the Police Department, developed the peculiar fact that the auditor had no records of any payments at all. The records for February show no Paul Smith on the police payroll, nor does he appear in the previous months, yet Sheriff Henry testified before the Iwilei committee that Smith was receiving \$70 per month from the department.

Auditor Fisher was questioned about the matter and stated that the name of Smith did not appear on the payroll the \$70 come from?

EXPECT BILL TO BE SIGNED

In spite of legislative misgivings on the subject of gubernatorial signature of the County bill, it is believed by those who are best informed that Carter will sign the bill when he has examined it. The governor has already begun his examination of the measure, and will consult with a number of citizens regarding its provisions. He has until the nineteenth in which to act.
